In 2020 rioters tore down a statue of Columbus outside the MN State Capitol.

Tim Walz said the rioters had "legitimate concerns around what they view as a genocidal monument."

If Kamala wins you can expect this chaos across the country.

Remember when Donald Trump said, "I don't know if it's good for Elon, politically to have supported me?"

He was right. The Biden/Harris administration seems determined to target Elon Musk and his companies just because he chose to support Trump.
